📍 St. no. 5 36/G Landhi, Karachi

☆ CNIC NO. 42201-1769404-9

## SUMMARY

I'm a recent diploma holder in Software Engineering, eager to collaborate with industry experts. I specialize in frontend development, with strong skills in React.js, JavaScript, Tailwind CSS, and more. In addition to my technical expertise, I have hands-on experience working as a machine operator in a garment firm and have also worked in a mobile shop.

## EDUCATION

Diploma of Associate Engineering (DAE)

**Government Polytechnic institute (Boys) Landhi**

📅 01/2022 - 07/2024 📍 Landhi

Matriculation SSC(I/II)

**Rab Nawaz English Grammar Secondary School**

## PROJECTS

Blog App – React and Appwrite

Short summary of your work

- Developed a Blog app with user accounts, post creation, and management features.
- Integrated real-time text editing and featured image uploads.
- Enabled viewing and interaction with other users' posts.
- Used React.js for frontend development.
- Appwrite for backend services and user authentication.
- Tailwind CSS for responsive UI.
- TinyMce for text editing and React Hook Form for form handling

To-do App – React and Tailwind CSS

Short summary of your work

- Developed a Todo app using React.js and Tailwind CSS.
- In this project I used Context API for state management.
